

Adobe Photoshop CS2

FINAL ASSIGNMENT

To that you have learned Photoshop skills, please pursue one of the following projects. You WILL need to have a purpose in mind for your project. If you have no purpose, we will give you one (i.e. duct tape wallet project, signs for the AML/workshops).

- Create a web layout using Photoshop features (should include header, side bar, and main image).
- Create a poster, advertisement, or brochure.
- Create a series of two t-shirt designs. (You can send them in to www.cafe-press.com and make yourself or your friends some shirts.)
- Create two different business cards for yourself or someone you know (including logo).

In your project, you will need to demonstrate mastery of all of the following skills. Write a narrative to accompany your project explaining what you did.

Use of Fix-it tools

Extraction

Work with layers

Work with text

Use of blending options

Use of shapes

Use of gradient feature

Use of adjustment/fill layers

Use of pen tool

To pass Photoshop, you need to have submitted Assignments 1 and 2 as well as the final assignment.
