

**Go to the AML Main Page to find out what software is available in the rooms.**

**Logging On/Off:**

**L**ogging on: **N**ame section: Type the first initial of your first name followed by your last name (no spaces or capitals). Example: Robert Smith would type "rsmith".

**P**assword section: Type your student ID number.

If this doesn't work try putting the number 1 after your last name. Try number 2 if 1 doesn't work. And if nothing works, inform a consultant.
